

DAVID WARWICK

Dreams and Visions Private Meeting 5-1-2016

- First vision comes at age 14
 - 1,000's of angels descend onto earth
 - Mild earthquake was shaking the ground
 - A man in a red robe with hands wide open
 - He then knew it was the Second Coming and First Resurrection
 - He saw himself as an adult
-
- Vision of gangs who were testing him to see if he would take drugs
 - He refused, if he did take them he realized he would have to kill them.
 - They pulled a knife on him. Some were his friends.
 - He attempted suicide, cut his wrist, saw inside of his body, saw order and power.
 - Voice told him, you have lived before, you will live again. Truth was on the earth, it will present itself over the Bible, and religion was for profit.
-
- 17 yrs. old, West Mtn., Utah introduced to a girl.
 - Went to see her, dad said no, let them visit with him in the room.
 - Friend told him, if you want to see her, she is at the LDS Church.
 - His introduction to "church" (basketball and scouts).
 - Friend told him to come on Sunday, she would be in class with him.
-
- In vision he sees his 5 yr. old self doing a puzzle of a prophet and 12 apostles.
 - The lesson at church showed a picture and the prophet and the 12 and it confirmed to him the lesson was correct.
-
- She asks him to go to Sacrament meeting. He hesitates. She says, we can sit with my parents. He thought it would give him brownie points.
 - It was a Fast & Testimony meeting. He was very touched.
 - Notices relationships between fathers and sons, testimonies were sincere, no guile or gain.
 - He was confused because he was still an Atheist.
 - Saw bishop's door open, went in and asked, "How do you know God exists?"
 - Bishop asked him, "How do you know he doesn't exist?"

- Opens BOM to Moroni
 - Wonders how such a boring life could bring so much happiness.
 - His real dream in life was to play in a band and tour the country.
-
- Goes to a youth conference at Snow College with friend reluctantly.
 - Told his girl will be there. Everything is OK!
 - Impressed with the LDS missionaries to be so young and mature.
 - Meets a girl who was a little different (wild) who bore her testimony and he started to cry.
 - Tried to hide it. Laid on the grass and saw a light in the sky and felt something come into his heart. He felt how much he was loved by God.
 - Friend jokingly announced David was going to serve a mission!
 - Really brought his internal battle to the surface. People starting making bets he will go.
 - His pride wants him to, but he still isn't sure he wants to be a Mormon.
 - He goes home to open the BOM. Prays, "God if you are there, if this is really true, let me know."
 - He feels something in his heart again.
 - The word "Zion" in the scriptures grabs his attention and the feeling came again.
 - The feelings come 10 fold, his mind opened up and he entered another place.
 - Saw Lehi's dream. Saw his mother and step-father. Love overwhelmed him.
 - Went to the bishop to be baptized.
-
- Continued to get heavenly manifestations, our works are according to our faith.
 - Could see aura's around people. Started to hear things before they were said.
 - Was in a Sacrament meeting, and left to a different realm. Speedily through a tunnel. saw a brilliant light, angel stepped forward, saw a multitude of people. "So you want to know who you really are?" "Yes."
 - Saw himself in a group of people and was amazed.
 - We admire things in this life what we were like in the pre-mortal realm.
 - Saw Heavenly Father and Jesus Christ and Lucifer present the Plan of Salvation. He had great love for Lucifer, but it broke his heart to see Lucifer doing what he was doing.
 - After the grand meeting, went outside with some friends to talk. Jesus walked right up to him and put him near his bosom. Then he was back on earth in the Sacrament meeting.
 - Lord looks upon our hearts. Give him our hearts. Trust him with it. Know his atonement. Justice cannot be robbed because he already paid for us!
 - Don't limit him in unbelief.
 - Strive and study to draw near unto him. He will draw near unto you. 2Nephi - Lord can visit you in the flesh.
 - Decides to go on a mission.

- When you have incredible spiritual experiences the tests will follow.
- Gets to the MTC, struggles, Elder makes a comment, "When you sing, the spirit leaves."
- Discouraged, decided to leave the MTC and go home.
- Whole MTC class follows him out to the curb. "Where are you going?" Companion apologizes, they hug and they all go back to class together.
- Mission in Florida, 2 months in, things are really bad. He is slothful.
- Fights with companions, packs and decides to leave.
- Mission president calls and asks him to stay 2 more weeks and attend a conference.
- Zone conference comes, sits alone, hears, "No spirit, No teach!"
- Sits up, becomes enlightened and humble. His fault not the companion.
- Knew in his heart to stay and learn obedience.
- Heard, "Be united or you are nothing." He saw his faults, cried, and asked for forgiveness and professed his love. Learned quicker and with feeling.
- Started teaching a discharged marine (for seizures) across from their apartment.
- Eventually the marine disappeared.
- While studying the 3 degrees of glory (in apartment) he went into a vision.
- Could see people not qualify; it really bothered him. We are connected in ways we can't imagine.
- Sees car at marine's home across the street, went to see him. He was drunk and had a woman with him. As soon as he stepped onto the marine's driveway, he was overcome with temptation and heard "endure to the end". Stepped back and temptation left. A vision started.
- He could see middle America. As light crossed over that area it became more beautiful. Saw Indiana (home town) and people living in the streets. As light went over them, they disappeared. When the light touched him he went into the air. Could see Eastern Seaboard.
- Saw lawlessness and wickedness, sin and no thought for life. Everyone was participating.
- Angel points to a man, man is focused on a woman. He has the ability to discern heart and thoughts of that man. It was horrible. Light came across the Seaboard and everything was destroyed.
- Light came from another planet. Earth was changing to be like that planet.
- The veil was removed, could see the universe. He knew them from the pre-existence. Knew he was going home (heaven) then woke up.
- Upon waking he sees the marine's car across the street. This time he puts his suit on and knocks on the door.
- Invites them in, sees the wine bottles and excuses themselves immediately.
- Continues to have more dreams and visions.

- The more he served and remained faithful, the more his heart changed.
 - The more faith exercised, the more trials came, needed more faith.
 - Started to become excited for trials.
 - Went through a series of companions. New Elders in the district who left their garments in a dryer at a laundry mat by accident and the owner took them and mocked them with them. They "dusted off their feet" and the laundry mat burned down that night mysteriously.
-
- Get a referral card, "Go immediately".
 - Bad part of town. Gang in the doorway. "Come in". (ambush?)
 - Goes in, meanders to the back room, woman with a baby in arms.
 - "Do you know why you are here?"
 - 2 weeks prior, 2 Elders stopped in at an elderly woman's home who had been praying, "Just send me someone." Her daughter just had a baby with collapsed lungs.
 - The Elders dedicated their fast that day to the baby and gave a blessing. Baby survived miraculously by the doctors. The woman wanted to thank them.
-
- Went to the bad side of town again. Rocks were raining down on them. Started running.
 - Thinking about Samuel the Lamanite, turned around.
 - Three black men threw more rocks. Rocks curved around them.
 - Got closer, started thrown beer bottles, one stopped in front of the elder's face and fell.
 - Declared, "We are servants of the Lord, from the Church of Jesus Christ. Men took off running.
 - The only power the devil has over you, you give him. Not using our talents, not studying.
-
- The structure of the church makes us too complacent. Like our country not doing enough to preserve our freedoms will bless us with as much as we are willing to receive.
 - Take the sacrament worthily.
 - The asleep are not honoring the sacrament.
 - It's all personal choice. He wants to visit us personally.
 - We are in a fallen state, only Christ can lift us. Tribulation = refiner's fire.
 - D&C - "I will have my Zion!" An army of missionaries called during gross wickedness in the land. Saints will be caught up in extravagance. True followers will kneel down and pray for his 2nd coming.
 - We are in the foolish virgin stage right now.
 - Not good to see ourselves better than others. We build the kingdom when we are treating others like Christ does.

Last Days

- Cameron Park, CA as a stake missionary.
 - While singing he would experience the songs. Saw life in the soils, trees, weeds, and felt love from them and from the earth. Gratitude overcame him. Started singing, I Know My Redeemer Lives. Told not to open his eyes.
 - Everything was white.
 - Wanted to be at peace from his wicked past. His prayer was answered.
 - Felt robes by his sides. Felt hands on his head, angels cleaned up all that he had experienced.
-
- Had another vision that night. Could see the room from the ceiling. Could see an image of a man. The man helped him up.
 - As his spirit re-entered his body, he experiences fear.
 - Angels singing with him.
 - Memory restored, long stairs with a cliff, grand walls. He knew where the entrance was. Two angels appeared to him and starting reading something. They asked if he agreed.
