The Return of the 10 Tribes, the 144,000 and New Jerusalem

It's hard sometimes to know what to focus on as our group grows every day and we have seasoned readers and newbies among us, so I try really hard to listen to the spirit and get an idea. This week I have received numerous emails where I just want to shake someone and say, "It's going to be worth it!! Hang in there!! I wish you could see what we can look forward to!"

So, I went searching for some excerpts and got stuck on one book, Visions of Glory AGAIN. I didn't want to put it down. I have read this book so many times and every time I find more gems!! So, this newsletter will be the cheat sheet (I highly recommend you go back and read from p. 212) and I hope you see, IT WILL BE WORTH IT! HANG IN THERE!

This all happens before the Saviors return:

The 10 tribes will gather in 4 ways:

1. Through the restored gospel (Ephraim).
2. Through portals after the early days of Zion (New Jerusalem).
3. Led by God to Zion. People with their own prophets and scriptures. (Scattered all over the world.)
4. People who wander to Zion, simply to survive.

- Saints will be making our own clothes in Zion.

- Zion will make up only a fraction of the remaining population on the earth.

- After 1,000 years, some will still choose not to be with Zion.

- There will be portals to and from New Jerusalem if we have faith.

- Portals will bring millions from around the world to New Jerusalem.

- Unlawful to tell people about the portals.

- 3 Ways Portals are Allowed: Christ, Prophet/Apostles, Holy Ghost

Two Prophets will be called to go to Jerusalem.

- Will be from the Quorum of the 12 in Zion (remember many die in the earthquake)
- Will leave from a portal in the New Jerusalem temple.
- Will be currently serving over the area in Israel.

(Interesting that the 2 prophets will be in Israel for 3.5 years....ummm, I always thought it was the start of the tribulation period, but here Spencer sees them in the last 3.5 years.) I'll have to rethink this one!

NJ Temple attributes: (NJ = New Jerusalem)

- baptisms and endowments going on in the temples as we continue to build Zion.
- veil will not be of cloth, but actual heavenly veil.
- no movie will be shown, actual personal vision of the creation.
- 10 Tribes have spiritual technology that will cause the temples to be build quickly. (Change elements of the materials by "asking".)

Stones and Seer Stones will be used.

- We can watch events unfold. Some will be called to be scribes and record history.
- Persons of faith will use them.
- It is a spiritual gift.
- You can see the future.
- You can travel to places.
- Use as light and fuel in the homes and temples.

Seer Stones

- Given equally to men and women.
- Personalized by owner, no one else can use it.
- Great accomplishment to receive one.
- Holy calling - full Zion stature.

Translated vs Millennial

Millennial

- Drank from the Water of Life
- Stay on earth
- Have children
- Labored on earth to change the world into Zion
- Age of a tree then "twinkled"
- Resurrected where they were standing
- Once resurrected they could travel the creations

Translated Beings

- No children
- Not earthbound
- Work was Zion related
- When work was finished, prayed, instantly resurrected
- To be translated was the greatest gift
- Joy was greater/reward was greater

The Millennial Day

- Culmination of all promises
- Bring together all prophetic leaders and scriptures
- Restoration of Zion in MO was amazing
- Every gift from God was manifest and used
- Earth became a Garden of Eden
- No desire to kill or eat meat

- Animals were Millennial too
- One tomato more healing than a life time of veggies now
- There was farming, no struggle, no watering, no pests, no weeds, grew in harmony
- Fruit was picked and grew back immediately, never became over ripe.
- People were natural and beautiful, powerful, pure, godlike, glorious, natural man completely gone
- People full of purity, power, beauty and wisdom
- Earth responded to our will
- Buildings lasted forever
- Nature did not wear things down
- Nothing could break
- If you needed a mountain or boulder moved, just ask it
- Travel was by portals, no streets
- Law of opposition "abridged"
- Laws of physics could not resist us
- In Zion, Babylon was gone. No news, television, pornography, movies, governments, political intrigue, corruption, buying, selling, status, wealth, poverty, sickness, death, no selfishness, greed or self-promotion, arrogance, false pride, all were equal.
- As the years advanced, the earth went from Telestial to a Terrestrial state.

144,000 - Elect called to gather by God will use portals and seer stones to accomplish the work.

- As more were translated and gained stones, they joined the 144,000
- No calling, lifetime of evolution
- Translation by Christ individually in the beginning, eventually ordained to pass on to others during the Millennium.
- Men and women among the 144,000, high priest and high priestesses used seer stones
- 1 Priesthood holder to preside over activities, but Christ was at the head.

- Translation status - could see other spirits good and evil. Could send bad people into death to stop them from doing more evil and condemning themselves more.

- Intelligence dramatically increased

- Still received revelation from God

- Miracles routine and far greater than parting the Red Sea.

- "Fullness of Times" - Greater power than any time in history.

- Time is fluid, no deadlines, 144,000 could go for months or years and come back to the same time. Tireless, no sleep, no food, rejoiced in the service.

- Because of the fluid timeline, the gathering was complete before the Second Coming. There were far more than 144,000 involved in the end.
