

The Last Inning Revised

Shelle McDermott

Have you ever found yourself praying and asking for something that you weren't even thinking about?

I was praying just before leaving for church this morning and I sputtered the words, "Please bless me to hear the Holy Ghost today while in church."

Sacrament was over and I didn't hear anything. It was a 5th Sunday and sometimes we don't stay if it is a topic we not associated. Today we almost left when we heard it was about the "For the Strength of the Youth" and other youth related topics. Then, our wonderful bishop stood up and announced he had just been in a meeting with 2 general authorities who were helping the local leaders understand from the prophet how we can better prepare for the Second Coming.

As he spoke the words, a physical feeling came through my body like a piercing of light. I started to receive a download of information. I rummaged through my purse so I could write down these things from the Holy Ghost and not forget any of them.

The bishop sat down to wait his turn towards the end to tell us the wonderful things he learned. In the meantime I was writing furiously and looking up scriptures to verify the meaning of the things I received. I was being corrected by the Holy Ghost on the document "The Last Inning" I just put out two days ago.

First, the prophet said the second half of the last inning. I was to understand that the last inning is the 7 years of tribulation and we have already gone through half! That means in 2023.5 we will begin the second half of the tribulation and that ends with the Second Coming (2027)!

Second, I was told the prophet called a solemn assembly to declare the day of the Lord is at hand. That was the declaration of the last 7 years before His coming. (Joel 1:14)

I started to question the Holy Ghost about the following scriptures and the interpretation (which is what led me to believe we were still in the pre-trib column because the 3rd Jerusalem temple has not been announced yet to start the "week" (7 years). He responded:

(Third) the changes in the temple in 2019 were a fulfillment Daniel 9:27 "he shall confirm the covenant with many""and half way through the week (last 7 years)""the daily sacrifice will be taken away (temple closed)" ...for the overspreading of abominations (death and destruction) he shall it desolate (footnote is desolation of abomination which awaits the wicked) until the consummation (consummation is the final destruction before the Second Coming). It is an LDS temple, not a Jewish temple during Daniel's time.

Fourth, the beastly system is more than just the New World Order. Those dressed in purple and scarlet at the 2020 inauguration are the woman who is the city (D.C.) (see Rev 17:10) and in Rev 17:4 the woman was arrayed in purple and scarlet colour ...full of abominations and filthiness..... The woman rides the beast. The beast will have a mouth (leader) to reign for 42 months. That 42 months is the last of the 3.5 years of tribulation. (Not the first 3.5 as I put on my chart.)

It is this mouth (leader) that will drive the Saints into the wilderness experience. When they come out, New Jerusalem will have already been started, the 144k will have been ordained (the wedding feast) and AOA will be at the end of that 3.5 years. Once AOA has happened, the Lord will take his 144k and go to Jerusalem and put an end to Armageddon. Once that has happened, the Second Coming will happen.

That means we should hear of Armageddon starting around 2023.5 as that is the beginning of the last 3.5 years. Rev. 11 says the two prophets will hold off the world's army for 1,260 days.

I received a message that the High Priest groups in the church were absorbed into the Elder's quorum to make accommodation for the 144k who are all to be high priests and priestess.

I asked about Daniel 11 (verse 31) where the 8th king (mouth) will come with military to pollute the temple and take away the daily sacrifice (J.S. told us daily sacrifice means temple work) and was this for the LDS temple or the Jews 3rd temple in Jerusalem? He said it is reference to the LDS temple as prior to the event, (verse 22) the 8th king (mouth) will also break the prince of the covenant (that is the prophet on the earth at the time). I also heard the expression "to try them, and to purge them and to make them white, even to the time of the end" is in reference to the 144k (LDS) AND the footnote to "try" is Zech 13:9 which is the third part being refined and the Lord calls them "my people". It is an LDS temple.
