Benjamin came up to me while we were at the cabin and told me “Mom Jesus just told me that all heck is going to break loose next summer”. I had been fasting to know things about the end times and the Lord gave Benjamin that. I was taken back a little at what he had said. It was startling despite my understandings of the end times events. I thought wow, this is really happening. Benjamin said that He new it was Jesus because when Jesus talks to him he can hear it in his ear Like someone is taking to him. He said it sounds like my voice but more peaceful. He said when the Holy Ghost speaks to Him he can hardly hear it but he just knows it to be true in his heart. I knew that Jesus had come and truly spoken this to Benjamin.

I had been praying day and night to now what the Lord meant when He told Benjamin all heck would break loose next summer. I asked The Lord if he could send this answer to me but if not then if He could send it to Benjamin. On the morning of July 10th Both Nathan and I and Faith were still asleep and Benjamin was watching tv. He said “that all of this sudden he saw Jesus Christ standing in front of the tv.” He was so surprised. He said “Jesus Christ then went into our Front entry and I followed him there. He told me about what will happen next summer. But I also saw with my eyes what Jesus was telling me too. Jesus said “that next summer the big trucks that deliver food will not have any gas to run. Because they have no gas those big trucks will stop delivering food. Costco will run out of food, then Walmart will run out of food, then smiths and target will run out of food. There will be no food left on the shelves.” Benjamin said he saw people running around going crazy. He said that it wasn’t safe to be in Albuquerque anymore so we had to move up to Colorado where our cabin is. He said he saw bad men who had been storing and hiding a lot of food, and when they were found that those men where put in jail. He said that Jesus told him that if we helped people and gave them food that we would be thrown in jail. Benjamin said that we left for Colorado in the Spring right before summer. We left before all heck broke loose. When we were in Colorado he said that many families came and gathered at my fathers cabins.(My father has built 6 big cabins and two barns in the past 10 years as a place for our family but also as a place of refuge) Benjamin said he saw all my sibilings and their in-laws and cousins and friends of our family, people for our wards and the amish who had gone there to take refuge. He said the Summer was really hot and it never rained. Because it never rained the creeks all dried up and the big river by our cabin only had about 6 inches of water left running in it. We took out all the water containers we had and filled them up before the water got too low. By the end of summer almost all the water was dried up. We had planted potatoes and onions on the mountain side by the creeks, but it was hard growing them because it never rained. We did end up getting a harvest that year using the river water. We shared our harvest with all the people who lived in cabins around us. We also had many chickens and 5 black cows and one brown cow. The cows we fenced in on the big grassy field in front of the main cabin and the brown cow stayed up on the porch and we would milk her. The winter was the worst winter Benjamin had ever seen. He said it just kept snowing and snowing.He said we were all so busy working all day long. Benjamin has kept telling me many times that we need to get a lot of food to take up to colorado to store. And that when we think we have enough food, we don't and we need to buy more food.

Trumpets sounding

Benjamin found a little toy that he called his trumpet and He told me “Mom the Angels are going to sound their trumpets soon”. He blows his trumpet over and over and says “mom this is what the trumpets sound like. When we were in Colorado we heard a trumpet sound and everyone could hear it, it was so loud!

I have never told Benjamin about the trumpets so as he kept sounding his trumpet for many weeks and kept telling me that the trumpets were soon going to sound I knew the Lord had shown him this.

After Benjamin had had that powerful vision from Jesus Christ I desired more than anything to see what he saw. I looked to Nephi to see how he received the Visions his father saw. I knew I had the desire and the belief to see what Benjamin saw. Then Nephi began to ponder and that is when the spirit showed him his father's vision. I was also led to Doctrine and Covenants 76:19. And while we meditated upon these things, the Lord touched the eyes of our understanding and they were opened, and the glory of the Lord shown round about. I knew that if I pondered on the things Benjamin saw that I would receive more from the Lord. I went to the temple that night believing I would receive the vision he did. I didn't receive that vision and when I asked the Lord why I wasn't allowed to see the things Benjamin saw the Lord told me He was testing my faith and that I needed to be more humble. Even though I didn't receive a vision something profound happened to me while I was in the endowment session. I began to ponder on all the things Benjamin told me and I was in a trance of the spirit speaking to me and expanding my mind. I never before have experienced anything like this before. Time went very fast and I was shocked when the session was over because it felt like only a 10 minutes had passed. I was going through all the motions of the endowment but my mind was somewhere else. This was the first time in my life that it was completely 100 percent discernible to me the voice of the spirit and my own voice. The things the spirit was speaking to me were clearly not my own thoughts because I would have never thought of any of those things. This is what I was told by the spirit.

Trump had to be taken out of office because He was taking back the power from other nations and putting it into our own country. He put the oil production back into the United States along with other things. Trump would be taken out at any cost because they needed Biden to come in so conspiring men from other countries could start to take over the power of our country. When Biden came into office one of the first things he did was shut down our oil production and had our oil coming from other countries. This plan to control our people has been in place for a long time and it is now playing out. This plays into why we cannot get diesel fuel to run the trucks to deliver food. I wasn't shown what would cause this breakdown of trucks not having fuel but I assume it will be a combination of many things, war, and economic collapse, and corruption or Plague. Then my mind went to Costco in Albuquerque and I saw Costco filled with hundreds of people frantically trying to buy food. The Cashiers were so stressed and scared and trying to check people out as fast as possible. People were getting unruly in Costco. I saw a man outside Costco putting all his food in the back of his truck. Another man came up and tried stealing his food. The man took out a gun and shot the man trying to steal his food. I saw Walmart in Albuquerque and there were evil men with big guns standing outside the store. They had taken over Walmart and all the food left inside. Any person who tried to enter would be shot.

I saw evil men going from house to house and ransacking the houses for food. I saw neighbor turning on neighbor and breaking into each others homes at night to steal their food. I saw the government going to everyone who owned a farm and telling them to give them full control over their farm. If they didn't they were shot. I saw if we tried to share extra food with our neighbors then we would be thrown in jail. Any extra food that people had, had to be handed over to the Government. They said they would collect the food and then distribute the food on their terms. The government wanted full control over the food. Because if you control the food you control the people. People that stood up to the government were thrown in jail. The jails became too full and the government built concentration camps. This is where they would also put people not obeying the law. I then saw the men who had stored the food that the government found. It was all planned. The government said that these men would "be thrown in jail" and that they would start to distribute food and not to worry. This entire time the internet was still working because we were all being fed an agenda by the government. That we don't need to worry, everything is fine. We will take care of you. I was then shown that the government wanted to gain all control over the people so they made people swear 100 percent allegiance to the government to be able to get food or "buy and sell". You had to separate yourself from any religion, or group of any kind. If you chose not to do this you were thrown in jail or concentration camps, people were also killed on the spot who wouldn't do this. People hearts really began to fail them and many members and other christians justified their choices by saying they needed to protect and provide for their families. Once people chose this it was hard for them to hear the spirit. People really wanted to try and get back to their lives. But so many people were out of jobs and so many people were dying.

I then was told it was crucial for the people of America to be oppressed by the government because that would set the stage for the Anti Christ to come in. He would come in and do great and miraculous things. I saw him raising corn stocks from the ground. He opened his arms wide and had them come up with the motion his arms going upward. I didn't see his face but I knew it was him. After I received this the Lord confirmed to me that yes next summer will be the breaking point and all heck will break loose. It will not be safe for me and my family to stay in Albuquerque and that I must prepare the cabins on Colorado for many people to gather. The Lord told me that America is ripened in iniquity (2 Nephi 28:16, Wo unto them that turn aside the Just for a thing of naught, and revile against that which is good, and say that it is of no worth! For the day shall come that the Lord will speedily visit the inhabitants of the earth; and in that day that they are fully ripe in iniquity they shall perish.) and that the Hedge of Protection has been taken from America and because of that we will be subject to foreign invaders. He also told me that When Christ came to the Americas before the 4th generation had passed they were ripe in iniquity. We are in the 4th Generation of When Christ appeared to Joseph Smith. Elder M. Russell Ballards Great Great Grandfather is Hyrum Smith, Joseph Smiths brother. Everything in the Book of Mormon is a type and shadow of what is to come. Just like the destruction and war that came upon the Nephites and Lamanites, the same will happen to the people in America. The Lord also directed me to Joseph and what he did to prepare for the 7 year Famine. He told me that like Joseph I must continue to buy and store as much food as I can for next Summer. That next summer would be the beginning of the 7 year tribulations and that we would experience a 7 year famine and drought and many other things. I believe in 2024 the summer will be Hotter than this record breaking summer of 2023. I believe the winter of 2023 will be worse than 2022. It will cause also of flooding. Then the winter on 2024 will be record breaking for snow.

Benjamin came to me this week and told me about two profound experience he had on Monday the 11th and Friday the 15th. On the 11th he told me about the food at the cabin experience and on the 15th he told me about the food we gave to our neighbors.

On Monday night Benjamin said that Jesus Came to him and rang a bell that woke him up. Jesus was there standing at the bottom of his bed. Benjamin said he was so surprised and happy. Jesus told him that He is going to start to receive a lot of messages from Him and they wont stop until he goes back into heaven. Benjamin said that Jesus told him that while we are at the cabin we will start to run out of food. In August , He will make it rain at the cabin. It will rain so much that it will flood all of the land below the cabin. After it rains bushes will begin to grow really fast and they will have apples, and lemons and oranges on them. There were also corn stalks that grew.He said that we made so much lemonade with the lemons. After that the Lord sent a tornado mixed with rain and sand. It caused a lot of the ground to be torn up and there were roots exposed everywhere. The tornado did not destroy any of the new bushes that had grown providing us with food. After the tornado more bushes began to grow and the new bushes had cherries and blue berries on them. Benjamin said everyone was so happy and amazed at the bushes producing fruit. He said we would just eat and eat!

While I was at the temple I was in the celestial room pondering what Benjamin had told me. I asked the Lord to show me more and He did. I was shown myself eating the blueberries and as I ate one off the bush it would immediately grow back. The fruit always grew back immediately after it was picked. Then I was shown all the sand bags I brought up to colorado were not used for planting but for creating protection around the cabin so the rain wouldn't flood into the cabin. I asked Benjamin that night a few questions. I asked him, when we ate the fruit off the bushes would it grow back? He said yes mom, it would grow back right away after it was picked so we would never run out of food. We all went to the bushes and just ate and ate until we were full. Also the fruit never went bad or got rotten.Benjamin said that we made wood structures around the bushes that had plastic windows so the bushes could live all winter long. That is how we ate during the winter. I asked him if we used the sand bags that we brought up to colorado and he said yes! We put the sand bags all around the steps of the cabin so the rain wouldn't come into the cabin. I new there was a reason I needed to take up to colorado those 100 bags of sand. Now I know why. They will stop the cabins from flooding.

My heart is beyond grateful for the messages Christ sent to Benjamin. I knew the Lord needed me to purchase a lot of food and bring it up to colorado but with Nathan not believing we should do that, my heart pained that I couldn't fulfill all that The Lord was asking me to do. I have been so sorrowful that I could not prepare food for all those that will need it. I only have food for 12 people for 1 year. I know I need more because I believe there will be 300 to 400 people up in Colorado at the cabins. The Lord new of my deep sorrow and He gave me those specific messages. Now I know that as I pray and have faith the Lord will fulfill all the things I desired to do for others but could not. We will not go with out food and Christ will bless us beyond measure so we can eat and not experience the ravages of starvation and death. I also know that if this is happening where I am living that the Lord will also be providing miracles of food and water to all of his faithful saints.

On Thursday night Benjamin had another visit from Jesus Christ. He told me he was sleeping when the Holy Ghost pricked his heart and he woke up. He saw Jesus Christ standing

at the bottom of his bed. There were two angels who were male standing on either side of Him. Above Jesus Christ was An Angel whom Benjamin had seen before. She had Blond hair and Big pink wings that went around Jesus and the other Angels. He told Me that Jesus Showed him and told him what we would do before we left to the Cabin In Colorado. He said that we went to the food storage place and bought as much food storage as they had. We brought it home and organized the food in our home into isles. Then An Angel told each of our Neighbors to come to our home. We had all of our neighbors lined up outside our door. Every neighbor came in and each family got 10 boxes of food storage. Benjamin said that all of our neighbors where so grateful and happy. We then had a few of the neighbors over for dinner. I am sure that I testified to each of my neighbors about Jesus Christ and that this food was from Him not us.

I know that before Nathan and I leave to Colorado that this will be a very important and critical thing to accomplish for our neighbors. That is why the Lord showed this to Benjamin. That we may profess to as many neighbors as we can of Christs goodness and mercy and also warn them of what is coming. It talks about in the scriptures of the importance of warning our Neighbors of what is to come.

I asked the Lord When I will need to leave to Colorado. The spirit prompted me to ask Benjamin where he was baptized and where we celebrated his birthday. Benjamins Birthday is May 12. Benjamin told me that we celebrated his birthday at the cabin. He told me that I purchased a small 4 wheeler for him. I had never told him about the 4 wheeler I was planning on getting him to bring up to the cabin for his birthday. I had it picked out and was already in my cart in amazon. Then He told me about his baptism. He said that he was baptized in the big Cabin. We got a long shallow bin and heated the water and poured it in. He sat down in the bin. Nathan stood outside the bin and when it was time for Benjamin to be baptized he laid all the way down in the bin. Benjamin also told me this, very matter of factly. Mom we leave on May 3rd to go to the cabin. That is a Friday of May 2024.

Today Benjamin told me That Jesus Christ came to him last night. He was standing in front of his Christmas tree and He was wearing Red robes with a white robe underneath. He opened up two visions for Benjamin that he was able to see. Jesus spoke to him as he was being shown these visions. He said there were two screens in front of him. Jesus told him that this first vision would happen in 5 months. Benjamin was shown Our Niece Abbie getting on a plane in Germany and coming home from her mission. Then he was shown that our niece Olivia got on a plane in Minnasota and Carter also got on a plane. Carter is about to receive his mission call. They were brought home and the planes landed in an airport between Albuquerque and Santa Fe. There is small airport there. The planes were filled with only missionaries. It is very interesting that the planes would land at that airport. Sounds like it was a fast evacuation of the missionaries and the Albuquerque airport was too busy to have those planes land there. The other vision Benjamin saw pertains to my family and deaths that will occur soon. I really believe that every family is going to loose loved ones soon. The Lord knows where he wants every one of His children and the things He needs us to fulfill, wether here on this earth or in Heaven. When Jesus Left Benjamin Jesus told him, Benjamin I love you, tell Polly what you have seen, she will believe you. I am coming soon. Then Jesus faded away.

I was in the temple and I pled and inquired of the Lord about the reason for the Missionaries being sent home. The spirit spoke to me in the temple and there was so denying the things I was being told. I believe He told me that it will be a Plague. A plague that the world had never seen before and that millions will die. He told me that the question I had asked him so many times before of what would be the cause of all heck breaking loose next summer was finally given to me. It will be a plague, causing unparalleled deaths like never before. This will then cause society to shut everything down causing an economic collapse leading to trucks not delivering goods, starvation, civil unrest and all heck breaking loose like the Lord told Benjamin. The Lord then told me that the missionaries being sent home will represent the time of the Gentiles being fulfilled and that He would now preach His sermon with death and destruction. It is profound and not surpassing that the abomination of desolation being set up in Israel in October and the time of the gentiles being fulfilled is close together. Then the Lord told me that When he sends his missionaries out one last time to gather his Jews, he wont be sending missionaries like in the past. Those sent out will be God most elect endowed with His power. They will be His 144,000, His Queens and Kings of the Gentiles, HIs Son and Servant who will do His greatest gathering before His return.

I asked Benjamin if when he sees Jesus if he tells him how much he loves him. Benjamin said, no mom I don't tell him, Because Jesus shows his love to me though His spirit and when His love comes on me, My spirit and face reflect back to Jesus the Love he is showing me.

When Benjamin told me this I knew that He had seen Jesus Christ. He would have never been able to relay such beautiful and profound truths to me had he not experienced them.
